

THE JACK RUSSELL

WELCOME TO THE JACK RUSSELL

The vision for The Jack Russell was to open a quality, local establishment that has as little negative impact on its surrounding habitat as possible. We source as much produce from the farm and estate: venison, game birds, pigeons, rabbits, many vegetables, fruit & herbs all come from the land.

Besides the food and drink offering, The Jack Russell is designed to run as green as possible. The electricity is provided to us courtesy of a wind turbine on the hill, our water comes from a bore hole on the estate. The warmth provided in the rooms comes from a biomass boiler burning wood pellets sourced from our woodland. We also return water to land through our bio digester waste management system.

BOTTLED FACCOMBE ESTATE WATER

Simply Still or Slightly Sparkling – £3.50

As the modern-day custodians of this historic ancient landscape we are delighted to share with you our best kept secret. This silk-soft, chalk-stream water contributes to our drive for a sustainable, carbon neutral environment. Enjoy...
